### Important Information

If you or a family member are a tobacco user, calculate the rate by multiplying the standard rate by 1.2. This tobacco rate is accurate within $2 of the actual rate you’ll see on your monthly statement. Please add $12 to the rates shown above to account for the dental and vision component of the total rate.

The rates shown above do not include any applicable fees related to reinstatement, insufficient funds, the CoverColorado assessment, etc.
