Outpatient Therapy Functional Reporting Non-Compliance Alerts

CMS has recently released Change Request 8166 which includes new functional information therapy codes, G8978 through G9176, and modifiers, CH through CN. These codes have a corresponding status indicator of “Q” designating them as such.

As a Medicare Advantage Plan we will not be requiring the billing of these therapy codes and modifiers, however if a claim is received with the information it will be appropriately processed as bundled or incidental.
