Preventive care services covered with no member cost-share (updated 2/12/15)

The Affordable Care Act (ACA, or health care reform law) requires Anthem Blue Cross and Blue Shield (Anthem) to cover certain preventive care services with no member cost-sharing (copayments, deductibles, or coinsurance). Cost-sharing requirements may still apply to preventive care services received from out-of-network providers.

The list below shares an overview of services, drugs, and pharmacy items covered by Anthem under preventive care benefits. Services listed may not be appropriate for all members, as some may be covered based on member age and health condition(s). These benefits may not apply to grandfathered health plans. Providers should continue to verify eligibility and benefits for all members prior to providing services or receiving member copayments, deductibles, or coinsurance.

- Breast cancer risk-reducing medications following the U.S. Preventive Services Task Force criteria (such as tamoxifen and raloxifene)

1 The range of preventive care services covered at no cost share when provided in-network are designed to meet the requirements of federal and state law. The Department of Health and Human Services has defined the preventive services to be covered under federal law with no cost-share as those services described in the U.S. Preventive Services Task Force A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC), and certain guidelines for infants, children, adolescents and women supported by the Health Resources and Services Administration (HRSA) Guidelines. Members may have additional coverage under their health plan. Providers should verify eligibility and benefits for all members.

2 Some plans cover additional vision services. Please verify eligibility and benefits for all members.

3 Review medical policy for details.

4 Breast pumps and supplies must be purchased from an in-network medical/DME provider for 100% coverage.

5 This benefit also applies to those younger than 19.

6 Prior authorizations may be required for these services.

7 A cost-share may apply for other prescription contraceptives, based on member drug benefits.
