Welcome to Blue Preferred®.

As a Wisconsin State member, you deserve a health care plan that works hard for you. Blue Preferred gives you access to quality health care benefits and value-added services in one package.

Anthem Blue Cross and Blue Shield is a trusted, experienced name in health care. Our goal is to help you and your family have an affordable way to get health care.

Here’s why you’ll be glad you chose Blue Preferred.

- Robust network.
- Strong doctor relationships.
- Customer service that’s specialized and responds quickly.
- A strict process that helps make sure you get access to quality health care. The National Committee for Quality Assurance (NCQA) has awarded Blue Preferred a status of “Excellent” for service and clinical quality. That means Blue Preferred meets or exceeds NCQA’s careful conditions to protect members and improve service quality.

If you need Customer Service

We’re here when you have questions about your health care plan. Here are three easy ways you can reach Anthem Customer Service.

- Go online to anthem.com. Then simply log in.
- Call the Customer Service number on the back of your member ID card.
- Write to us at: Customer Service
  Anthem Blue Cross and Blue Shield
  Claims Department
  P.O. Box 105187
  Atlanta, GA 31348-5187

Anthem 360° Health®

Anthem 360° Health surrounds you with all of our programs and services. It can help you get healthy, stay healthy and live better.

With this program, you get the tools, resources and guidance you need to reach your own healthy best. A healthier lifestyle can help lead to a more active, fulfilled and longer life. But sometimes, no matter what you do, you may still have health problems. Anthem 360° Health doesn’t wait for that to happen. Instead, the program looks ahead to health concerns that could happen. It then reaches out to the healthy and sick alike to help prevent problems or keep them from getting worse.
We offer a wide range of wellness and preventive tools and programs. We help you manage chronic (ongoing) and costly conditions. And we make sure health care benefits are being used the right way.

- **Health and wellness section**: Finding health info online can be a challenge. This section makes it easy to find the info that matters to you, manage your health and stay motivated.

- **Staying Healthy Reminders**: You’re busy. Very busy. So we’ll help remind you to get those preventive tests, exams and screenings that can mean so much to your health. Well-timed mailers target your health needs and let you know about services that could be life-saving.

- **Comprehensive Medical Management**: You’re not alone when facing a tough health crisis. Your medical manager will help make sure that your benefits work for you. This person will also help make sure the care you receive is safe and right for you.

- **ComplexCare**: This team of nurses is focused on helping people with complex care needs who might be at risk for even bigger problems in the future. With one-on-one coaching, your nurse will help you come up with a personal care plan to help lower that risk.

- **24/7 NurseLine**: You can call our experienced, registered nurses at any time. They have answers to general health questions and help guide you when it comes to serious health concerns. Callers can also listen to secure, recorded messages about hundreds of health topics. For more details, see the “Using 24/7 NurseLine” section in this directory.

- **Future Moms**: Moms-to-be can have telephone access to registered nurses 24/7 to talk about issues related to their pregnancy. Also features:
  - Learning materials.
  - Questionnaire to find out risk for pre-term delivery.
  - Other tools to help track pregnancy.

To learn more about Anthem 360° Health, go to [anthem.com](http://anthem.com), log in and click on the 360° Health tab. If you have not used this site before, you will need to set up a username and password.

### Using 24/7 NurseLine

Health concerns don’t follow a 9 to 5 weekday schedule. Sometimes you need answers to your health questions right away. That can be the middle of the night or while you’re away on vacation.

That’s why the 24/7 NurseLine is there for you and your family 24 hours a day, seven days a week. You can call the 24/7 NurseLine any time to speak with a registered nurse who is trained to help you make more informed decisions about your health issue. They can help you figure out symptoms and find doctors. The nurses can also give you details on diagnoses, drugs or other health care issues.

You can also use the AudioHealth Library. Call to listen to facts on more than 300 topics in both English and Spanish. Just call the 24/7 NurseLine phone number.

For correct, secure health information, call **866-647-6120**. A nurse is just a phone call away.

Learn more about the 24/7 NurseLine service by going to [anthem.com](http://anthem.com). Log into the member part of the site.
Doctor services

Choosing your doctor

The doctor (sometimes called a primary care physician or PCP) you choose is your first source for health care. This doctor will give you preventive care and treatments. Those can include shots, screenings and routine checkups. If you have asthma, diabetes or other chronic (ongoing) health conditions, your doctor can also help watch over and coordinate your care.

Each family member must choose a doctor within our network. These doctors may specialize or have a focus in:

- Family practice
- General practice
- Internal medicine
- Pediatrics
- Geriatric medicine
- Adolescent medicine

Call the doctor’s office to make sure he or she is still taking on new patients. Let them know you’re a new patient when you call to set up your first visit.

Tips for choosing a doctor

It’s good to have a doctor you can trust and stay with for a long time. With that in mind, you’ll want to choose your doctor with care. Look for a doctor who:

- Is highly recommended by your friends, family or co-workers.
- Has the training and experience you need.
- Is committed to help keep you from getting sick.
- Has admitting privileges at the hospital of your choice.
- Answers your questions and explains things simply and clearly.
- Is located near where you live or work.

Note these restrictions.

Please note any limits that may apply to certain doctors. Such as: Some doctors may not accept new patients but will offer services to patients who are already signed up for Anthem’s Blue Preferred plan. See the “Appendix” at the back of this booklet to learn more about the restriction codes.

Finding a doctor in the Provider Directory

Doctors, specialists and other providers are sorted by the county in which they are located and the type of health care services they provide. There also is an alphabetical list of doctors in the back of the directory.
Finding a doctor online

Finding a doctor online is handy, fast and easy.

To get to the State of Wisconsin Blue Preferred Northwest provider directories:

- Go to [anthem.com/stateofwisconsin](https://anthem.com/stateofwisconsin).

You will need to make sure that the doctor you want is still part of the network. If you need help finding a doctor, you can call Customer Service at **800-843-6447**.

Specialty care

Blue Preferred lets you choose the network specialty care doctors you want to see. You can do it without a written referral when the services are covered; and that includes for gynecological and pregnancy care. You may also get routine gynecological and pregnancy services from a certified nurse midwife and select family practice doctors.

Your doctor can work with you to set up these services to help make sure you get better coordination of your health care. Anthem's Blue Preferred provider network includes a wide choice of specialists. To find a network specialist, please check the list in this provider directory.

Getting services you need

Anthem and our providers believe that service and access to care are vital. That's why we have set certain standards for our doctors and clinics. Throughout the year, we do checks to make sure these standards are being met. We also urge you to let us know if you believe any of these standards are not being met.

Timeliness (when a doctor's office or clinic should respond to a member's needs)

- **Preventive care office visits**: within 30 days.
- **Routine care**: within 14 days.
- **When showing non-urgent symptoms**: within 72 hours.
- **Urgent care appointments**: within 24 hours.
- **Emergency care**: right away.
- **After-hours care**:
  - 24-hour answering service or pager.
  - The doctor (or doctor on call) responds within 30 minutes.

Staying in the hospital overnight or longer

Inpatient hospital stays must be arranged by your primary care doctor or specialist. Your doctor or specialist may be joined with a medical group, clinic or Independent Physician Association (IPA) that calls for you to use one of their affiliated hospitals. If so, you will need to stay within the health care group, clinic or IPA in which your doctor is listed. In-network hospitals are listed in the facility section of this directory.
Urgent care

Sometimes you may need health care treatment right away, but it may not be an emergency. When this happens, call your doctor for help, even if it's after business hours. Most clinics provide an “on-call” doctor to help you with your concerns after their office has closed for the day. Examples of urgent health problems may include, but are not limited to:

- Most broken bones
- Minor cuts
- Sprains
- Most drug reactions
- Bleeding that isn’t severe
- Minor burns

Emergency care

Your Blue Preferred plan covers you for emergency care 24 hours a day, 7 days a week. An “emergency medical condition” is a health problem with symptoms that are so severe, including sharp pain, that a person decides that not getting care right away could lead to:

- Serious danger to the person’s health (or, if it’s a woman who’s going to have a baby, serious harm to the health of her unborn child).
- Serious danger to the way the person’s body functions.
- Dysfunction (failing to work right) of the person’s body organs or body parts.

Call your doctor for help to decide whether you may be having a true health emergency. If that’s the case, or if your doctor tells you to do so, call for an ambulance, call the police emergency number or go right to the nearest hospital emergency room.
ANTHEM LABORATORY NETWORK

OUT OF AREA CONTRACTED SPECIALTY MAIL ORDER PROVIDERS

This Healthcare Provider offers services on a broad regional basis and is not isolated to one particular geographical area. The Healthcare Providers that fall within this category and provide one or more of the following services to our members include but are not limited to: Hemophilia and IVIG, High Risk Maternity Services, Specific Drugs, Wound Care, and Mail Order DME products i.e. ostomy supplies, diabetic supplies, insulin pumps and supplies. It is important to recognize that your benefits determine payment on such services. NOTE: FEP primary members: The state of the supplier is the state which must process the claims and it is that state’s contract with the provider that is being honored.

 centerpiece: This page contains a list of healthcare providers in Douglas County, Wisconsin, including their specialties, addresses, phone numbers, and hospital affiliations. The list is organized by county and includes sections for Chiropractor, General Surgery, Occupational Therapist, Physical Therapist, Podiatry, and more. It also notes the hospital affiliations of the providers, such as Esenti Health St Marys Hospital and Superior. The text is formatted in a standard, readable manner, with clear headings and a structured layout. The page provides comprehensive information for patients looking to find healthcare providers in the area.
